

House to Home.

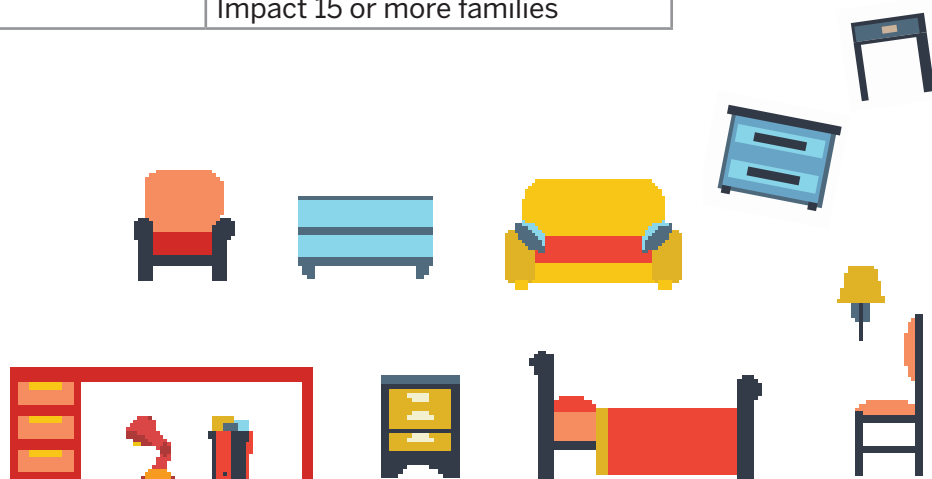

GOAL

Habitat for Humanity built the house; your team's goal is to help furnish the home. CultureShoc will help you design your next off-site meeting around a powerful three-hour team-building experience where you will work together to build furniture for a local Habitat for Humanity project. Plus, CultureShoc will bring this unique experience **to you** without the need for your team to meet at an actual build site.

RESULTS

| GROUP SIZE: | TARGET: |
|-------------|----------------------------|
| 10-25 | Impact 4-8 families |
| 25-75 | Impact 8-15 families |
| 75+ | Impact 15 or more families |
