Kimberly is a Certified EOS Implementer® who helps entrepreneurs and their leadership teams improve every aspect of running businesses. In addition, she is a Kolbe Certified™ Consultant to help organizations utilize their employees' natural talents most effectively.

Our members wear many hats and can sometimes get stuck in their day-to-day responsibilities. Kimberly joined us at our annual conference BizConCLE and shared six easy-to-implement ideas to help them get their businesses on track. We received great reviews from her session and were thrilled to have Kimberly share EOS® principles with our members. Kimberly was a dream to work with. I hope I have the opportunity to work with her again in the near future!
